## WAVE™ TWO-WAY RADIO

### Motorola Rental Solutions

We provide the latest in technology enabling you to stay connected with your team, no matter where you are in standard Telstra Mobile coverage.

### Wide Area Coverage

Motorola Rental Solutions has partnered with Telstra to provide the same coverage as your Telstra Mobile Phone. Just a push of the button. The WAVE TLK100 portable and the TLK150 mobile, connecting you further, faster and clearer.

### Long battery life

Be confident that you'll have power when you need it most. With a battery that is designed to last up to 18 hours, you can focus on the project instead of worrying about recharging.

### Built tough and durable

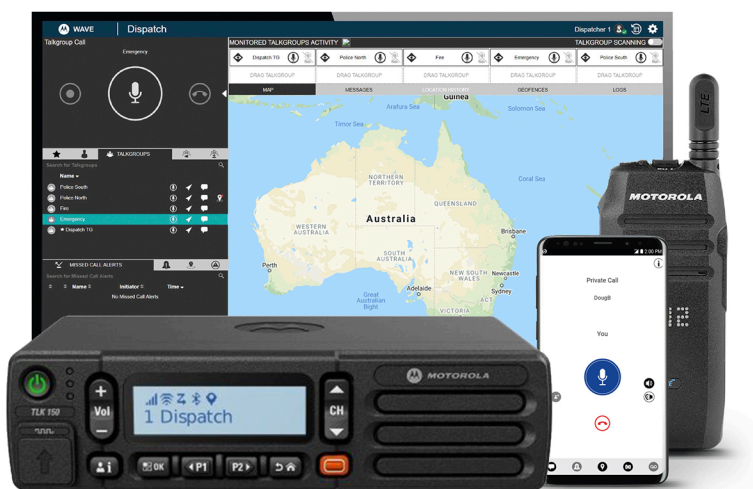

The WAVE two-way radio has been designed to be light-weight and small in size with many accessories to complement it.

### Location tracking

Easily manage your workforce using GPS to maximize safety, check project status, find faster routes, modify tasks, and position team members where they're needed most.

### Wi-Fi connectivity

Stay in touch with your team where mobile coverage may be limited by sending and receiving push-to-talk calls over compatible Wi-Fi networks.

## Key Features

**Over the Air Management**

**Lightning Fast Deployment**

**Australia Wide Coverage**
